

Format2 Activity Plan of JICA Volunteer

Date 27/2/2025

Name Tsuyoki Koike

Batch 2024 - 1 Specialty

PC Instructor

Country South Africa	
Priority Area	Education
Development Issue	Expansion of ICT education across the entire school
Approach by JICA Volunteer Program	
Improvement of students' academic performance and effective use of equipment through ICT education	
Expected Outcomes	Providing students with opportunities to use ICT devices to broaden their horizons for future planning and deepen their career prospects. Enabling teachers to effectively use ICT devices in daily classes and conduct lessons utilizing videos and audio effectively.
Goal for partner organization	1.Providing opportunities for students to use ICT devices 2.Enhancing teachers' skills to effectively use ICT in lessons

Activity Goal Effective educational activities utilizing ICT devices will continue to be implemented.	Supplemental Notes/Remarks for Activity Goal Regular surveys on lessons and work will be conducted to assess improvements in ICT skills and changes in awareness among students and teachers. Based on the survey results, lessons will be improved and further proposals will be made. Additionally, the survey findings will be shared with teachers, including the principal, as needed, and new teaching methods that integrate existing approaches with ICT tools will be proposed.																		
Indicator for Monitoring Approximately 500 students and 30 teachers at the assigned school will participate in the lessons.																			
# Required results to achieve the Activity Goal/Indicator for Monitoring	1st year						2nd year												
(#) Activities	I	II	III	IV	I	II	III	IV	I	II	III	IV							
1 Conduct effective educational activities utilizing ICT devices. Indicator for Approximately 500 students will participate in the lessons.	(Supplemental Notes/Remarks) Regular student surveys will include an item measuring the perceived importance of ICT skill improvement. The results will be converted into percentages and used as an indicator.																		
(1) Implement ICT education for students at the assigned school. Set up and maintain the PC room to create an environment that supports independent learning and provide guidance.	9	10	11	12	1	2	3	4	5	6	7	8	9	10	11	12	1	2	3
